YOU GET THE BENDS!

What happens when the daddy of Pop Art goes Pop Music? The most underground album of all! It's Andy Warhol's hip new trip to the current subterranean scene.

Sorry, no home movies. But the album does feature Andy's Velvet Underground (they play funny instruments). Plus his this year's Pop Girl, Nico (she sings, groovy). Plus an actual Warhol banana on the front cover (don't smoke it...peel it!)

The Velvet Underground, produced by Andy Warhol, is now available at record stores across the country. Just bring your own plain brown wrapper.

Verve Records is a division of Metro-Goldwyn-Mayer Inc.

WHITE LIGHT/ WHITE HEAT

White light, go on messing up my mind
Don't you know it's gonna make me go blind?
White heat, it tickles me down to my toes
Have mercy, white light, have it, goodness knows

White light, go on messing up my brain
White light, it's gonna drive me insane
White heat, it tickles me down to my toes
White light I said now, goodness knows, do it

I surely do love to watch that stuff shooting itself in
Watch that side, don't you know, gonna be dead and
Yeah, foxy mama, watch her walking down the street
Come upside, your head's gonna make a dead end of
street

White light, move in me and drain my brain
White heat, it tickles me down to my toes
White light, I said now, goodness knows

White light is lighting up my eyes
Don't you know it fills me up with surprise?
White heat, tickle me down to my toes
White light, I tell you now, goodness knows
